Re: Research on Women Entrepreneurs, Requesting Assistance from DTI for Survey Respondents

Dear Dir. Tidalgo,

A pleasant day to you, Ma'am! I am a graduate student at the Department of Sociology and Behavioral Sciences of De La Salle University (DLSU) currently conducting research on the empowerment of women entrepreneurs for my M.A. thesis.

In searching for respondents for my online survey, I wrote a letter to the Department of Trade and Industry's Office of the Secretary seeking assistance on how to get in touch with women entrepreneurs involved in DTI's women programs. I was then referred to the Gender and Development (GAD) Programs team where, with the help of Ms. A.J. Gabriel, I was able to obtain your contact details.

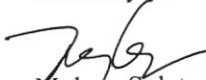

In line with this objective, Ma'am, may I humbly request your office's assistance on how I can reach and invite 30 women entrepreneurs in your database to take part in the online survey? I would be happy to discuss the details further through a Zoom meet.

The target profiles of the respondents are: (1) married women, (2) owns or co-owns and personally manages an MSME, (4) have been continuously operating for at least three years, and (5) with employees (full-time, part-time or contractual).

The online survey is tentatively scheduled for November 2022. It would be an honor to be able to share the results of my research to DTI and add to the growing literature on women entrepreneurs and women empowerment in the country.

Your support to this research will be highly appreciated and I do hope for your favorable response to this request. Thank you very much, Dir. Tidalgo.

Sincerely yours,

Mylene Sulat
